ABOUT GEW

Global Entrepreneurship Week is a movement to celebrate and empower entrepreneurs in every country and community around the world – especially those who face structural barriers or may have never considered the idea of launching a startup. Each November, 10 million people take part in tens of thousands of activities, competitions and events that inspire them to act and provide them with the knowledge, experience and connections they need to succeed.

Global Entrepreneurship Week reaches beyond high-tech startup hubs like Silicon Valley, London and Shanghai. It envisions one entrepreneurial ecosystem open to all, including smaller cities in emerging economies and under-represented communities, whether systemically marginalized, geographically hard-to-reach or otherwise pushed aside or left out. National campaigns are driven by local event organizers who plan activities tailored to their community's needs. Activities can range from small, local gatherings to massive international competitions – or anything in between.

While GEW only takes place one week each year, the connections made are long-lasting. The campaign serves as an opportunity to collaborate and engage with organizations and individuals to celebrate and spotlight entrepreneurs, expose people to the path of entrepreneurship, help them get started and facilitate access to capital and the resources to grow.

Global Entrepreneurship Week is powered by the Ewing Marion Kauffman Foundation and supported by a range of strategic partners including corporate sponsors like FedEx, entrepreneurship support organizations like Endeavor Global and JA Worldwide, a diverse collection of national host organizations and 25,000 local event organizers.

IDEAS BANK

Looking for some other ideas on how you can rally support for your local startups and small businesses during GEW?

ALTERNATIVE FUNDING OPTIONS IN YOUR COMMUNITY / REGION

Traditional lending from VCs or banks does not work for everyone. In this activity, share information and insights from alternative funding sources to raise awareness of options for entrepreneurs.

Example:

Hebrew Free Loan Association (GEW 2020)

CONVERSATION WITH A MAYOR, CONGRESSMAN OR GOVERNOR

Policies at the community and regional level can impact the ability of businesses to start and grow. Do local policies attract entrepreneurs to starting businesses or deter them? Gather entrepreneurship-related questions from constituents and have a moderator pose them to the policymaker. Entrepreneurs should view this as an opportunity to advocate for policies and access to resources. This is also an opportunity for policymakers to hear what really matters to entrepreneurs, as well as to share what policies they are focusing on to make the local or regional environment more attractive to entrepreneurs.

Example:

Conductor (GEW 2020)

RESOURCE FAIR

Host a gathering of resource providers so that entrepreneurs can come to a one-stop-shop for business resources. Resources providers may include a local CDFI, chamber of commerce, bank, representatives, SBDCs, library, SCORE and others.

Example:

[Entrepreneur Resource Fair](#)

Kentucky Innovation Network

COFFEE WITH THE CHAMBER

Host a roundtable or panel to allow entrepreneurs to ask questions of your local Chamber of Commerce. This informational session should allow the chamber to share resources and give new and existing entrepreneurs a better understanding of business resources available in the community.

Example:

Fort Worth Hispanic Chamber of
Commerce (GEW 2020)

SPEED NETWORK THE GLOBE

Networking is a great way to connect with the various actors in your ecosystem. Host a gathering of entrepreneurs, investors, and resource providers to facilitate meaningful connections - face-to-face or virtually - that will extend long past GEW.

I AM AN ENTREPRENEUR

I Am an Entrepreneur is a social media campaign seeking to highlight the diverse stories and faces of entrepreneurship. We are asking entrepreneurs to share their "aha" moment, the moment that they realized that they were an entrepreneur.

STARTUP NATIONS POLICY DIALOGUE

The Startup Nations Policy Dialogue provides an opportunity to gather policymakers and ecosystem leaders for a discussion - at the local, state or national level - about innovative policy approaches to empower entrepreneurs in your community. The model has been used to share best practices and stimulate action at a growing number of sessions around the world.
